

Assignment Submission

Tanui, Oscar Haggai

GitHub Repository URL

<https://github.com/scarr-58/computer-organization-decimal-conversion-assignment>

The link above opens the GitHub repository containing the complete assignment submission.

Included in the repository
- C++ source code: decimal_conversion.cpp
- Sample output for 30 random values: sample_output.txt
- Documentation report: Computer_Organization_Assignment_Report_Final.docx
- Build and submission instructions: README.md

This PDF is provided as the submission link document. The same clickable GitHub URL has been added to the final Word report.
